

Comment mettre des smileys dans un message

Soit cliquer sur les smileys apparants sur la gauche du message

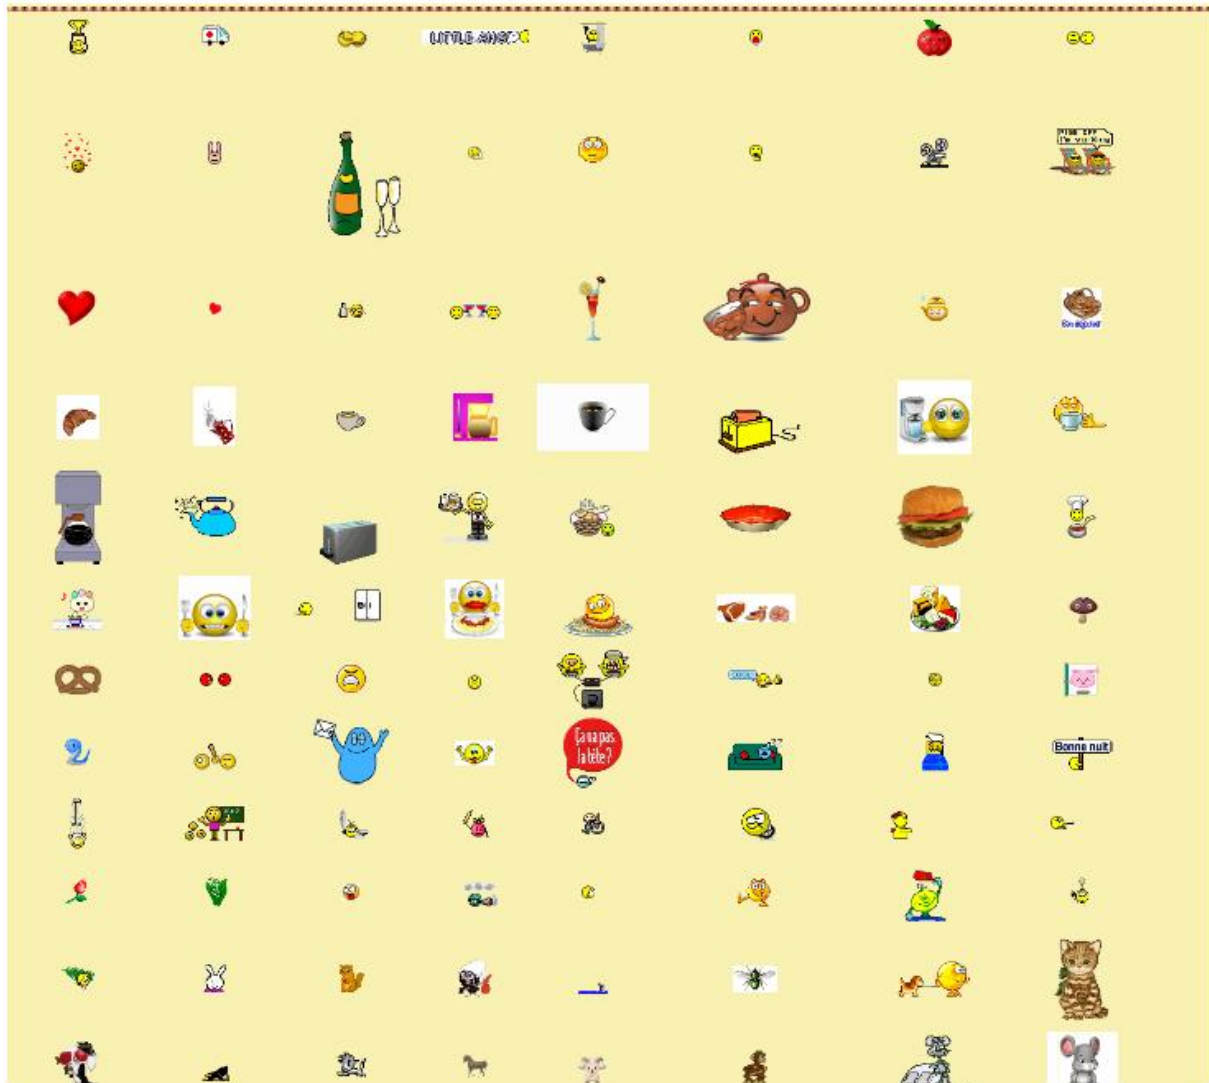

Soit cliquer ici pour en voir plus

Et cette fenêtre s'ouvre

Cliquer sur ce carré pour ouvrir la page en grand

ET voici une partie de la page des smileys telle qu'elle apparaît une fois la page ouverte en grand

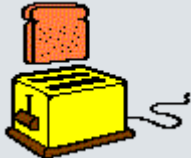

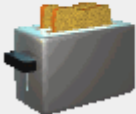

Et il suffit de cliquer sur l'image désirée pour la faire apparaître dans le message

Autre solution :

il faut écrire le code correspondant à l'image désirée, c'est-à-dire deux petits points + le nom de l'image, et une fois votre message envoyé, l'image apparaîtra, voir les différents codes sur la liste dans les pages suivantes
